FREE ONLINE LEARNING
UNDERSTANDING DATA PROTECTION AND DATA SECURITY
LEVEL 2

Who is this course for?
Data protection compliance is an essential legal requirement for all organisations. This qualification teaches you how to handle data correctly. Our qualifications have been developed to provide learners with the best opportunity to enhance their success in employment across a range of sectors.

What does the qualification cover?
Topics include:

- Current data protection legislation, and how it applied
- Organisational procedures concerning data
- Possible threats to ICT systems and data, and how to protect against them
- Consequences of not protecting data, and the impact of possible breaches

How is the course delivered?
All of these courses are completed via our online learning platform supported with interactive resources and webinars to cover the key topics where you can interact with a tutor and your peers. You will be supported throughout by one of our tutors who will review your progress.
