

Quality | Service | Innovation

A Gateway to Safer Connected Homes

Martyn Walley & Andy Speake

About Aico

Quality

The highest quality products –
ultimate reliability

Service

Market leading support to all customers
from Specification to Installation

Innovation

Multiple times first to market with
life-saving technologies

Focussed on Innovation

- How do our customers manage their alarm systems?
- How do they record testing and commissioning?
- How do they plan maintenance and replacement?
- What data do they want to see?

The next major innovation
in Fire & CO safety

Connected Safety

Fire / CO
Alarm System

Gateway

Portal

Let us show you...

Gateway and Cloud Portal

- Realtime notification of alarm activations and events
 - Configurable, send via text message or e-mail
- View data for multiple alarm systems remotely
 - Overcomes access issues
- Details of system testing and commissioning
- Reporting tools to forecast alarm replacement and maintenance
